

## James 2:1-10,(11-13),14-17

We should be kind and loving to everyone – this is God’s way and should be our way too.

James shows us what a welcoming church should look like.

Draw some people in the doorway who are part of this welcoming church. Try to include people who are very different from each other.

Make things fair! Draw some more of the numbered items on each side of the scales, so that both sides add up to 10. You can use an item more than once.

Write a list of ways that a church can welcome people of all ages and all backgrounds.

Ways to be welcoming
