

## James 3:1-12

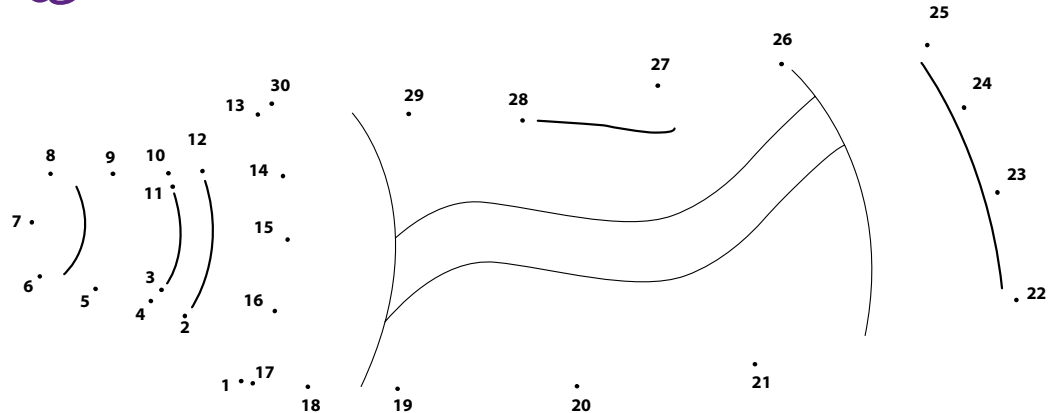

Our tongues are small but powerful – we can use them to bless others or to tear them down.

The tongue is small, like a ship's rudder, but it is very powerful.

Once words have left our mouth, it's hard to take them back, like putting toothpaste back in its tube!

Our tongue can steer our whole body in trouble. Can you find a safe route to steer the ship home, avoiding trouble?

## Jesus loves Write

Write a note to give to someone today, using kind words that will encourage them.
